

ONTARIO PHYSICS 12 SNAP ERRATA SHEET

The following errors appear in the 2008 edition of the Physics 12 Ontario Student Notes and Problems (SNAP) book. They have been corrected for future editions.

Page 176: The graph should go through the origin. In order to achieve this the data should read:

Deformation (m)	0	0.05	0.10	0.15	0.20
Force required (N)	0	9.16	20.10	29.38	39.6

Page 217, Question #6 – remove i, ii, and iii

Page 379: The definition of an inertial frame of reference (middle of page) should read “is any frame of reference at rest or (rather than “is”) moving at constant velocity.
